Group Sessions can be purchased individually	£139
--	------

Please note that this is exclusive of Consultant Psychiatrist fees

### How to fund your treatment?

#### If you self-pay

All self-funding patients will be required to make an initial deposit at or before commencement of treatment. The value of the deposit is stated below. The inpatient fees indicated below apply only to those charged by the hospital and are exclusive of the fees charged by each Consultant Psychiatrist. These will be charged directly by the treating psychiatrist.

The hospital will invoice inpatients on a weekly basis with payment of the balance in full on discharge. Payment can be made by credit/debit card or bank transfer.

#### If you are covered by a private medical insurance

Nightingale Hospital is accredited by all major health insurers. Prior to admission for treatment you will be asked to provide policy details so that your individual level of cover can be estimated and pre-authorisation for treatment obtained.

For more details on treatment costs and payment options please call our Patient Services Team
